

ADOPT-A-SPOT SAFETY GUIDELINES

Make your safety a priority

1 PROTECTIVE GEAR

Always wear protective clothing, shoes, gloves, and a safety vest. Drink plenty of water and wear sunscreen. Check for ticks when finished.

2 CHECK SURROUNDINGS

Avoid dangerous situations. Watch where you walk, check for broken glass, rusty nails, poison ivy, snakes, wasps, or hornets.

3 SEE AND BE SEEN

Always walk facing traffic flow. Do not wear headphones or earbuds. It is recommended you work with a partner.

4 HAZARDOUS OBJECTS

Carry a bucket for unsafe objects. Be careful when handling sharp objects, such as broken glass or aerosol cans. If a needle is found, wear heavy-duty gloves, and put it in a heavy-duty plastic container (e.g. laundry detergent container)

5 RECYCLE

Recycle acceptable materials when possible (e.g. soda cans, plastic bottles)

6 HAVE FUN!
