

CCCPD

Campbell County PD
2023 Annual Report

A LETTER FROM THE CHIEF

Welcome to our 2023 Annual Report, where I trust you will gain insights into the CCPD and the trends observed over the past year. Before delving into a crucial topic, I want to extend my deepest appreciation to the outstanding men and women, encompassing both police officers and civilians, who constitute the backbone of our agency. Your unwavering commitment to the safety and well-being of our community is truly commendable, and I express my gratitude for your dedicated service each and every day. The challenges you face and sacrifices you make do not go unnoticed, and it is through your efforts that Campbell County remains a secure and thriving place to live and work. Your exemplary service is not only reflected in statistics but also in the trust and gratitude our community places in you and this agency. Please accept my sincere thanks for your steadfast commitment to public service.

As we contemplate our shared commitment to public safety, I wish to highlight a valuable resource aligned with our mission to enhance community well-being – Smart 911. This innovative program serves as an additional layer of protection for our residents, offering vital information to first responders in emergencies and empowering users to contribute to their well-being and that of their loved ones. Through Smart 911, users can create comprehensive safety profiles, providing crucial information that aids first responders in making informed decisions during emergencies.

Key benefits of Smart 911 include:

- Users can input specific details about their residence, ensuring first responders are aware of any unique considerations or challenges they may encounter.
- Users can note specific medical conditions, enabling first responders to understand an individual's health circumstances and provide appropriate and timely medical assistance.
- Smart 911 enables two-way communication between users and first responders, fostering clearer communication during emergencies and a better understanding of the situation.

In summary, Smart 911 offers individuals the opportunity to proactively prepare for emergencies, aiming for faster response times, customized assistance, improved communication, and a sense of peace of mind. I wholeheartedly encourage every resident of Campbell County to register for Smart 911 by visiting the Campbell County Fiscal Court website and navigating to the Office of Emergency Management page or directly at Smart 911 Registration.

Sincerely,

Mission Statement

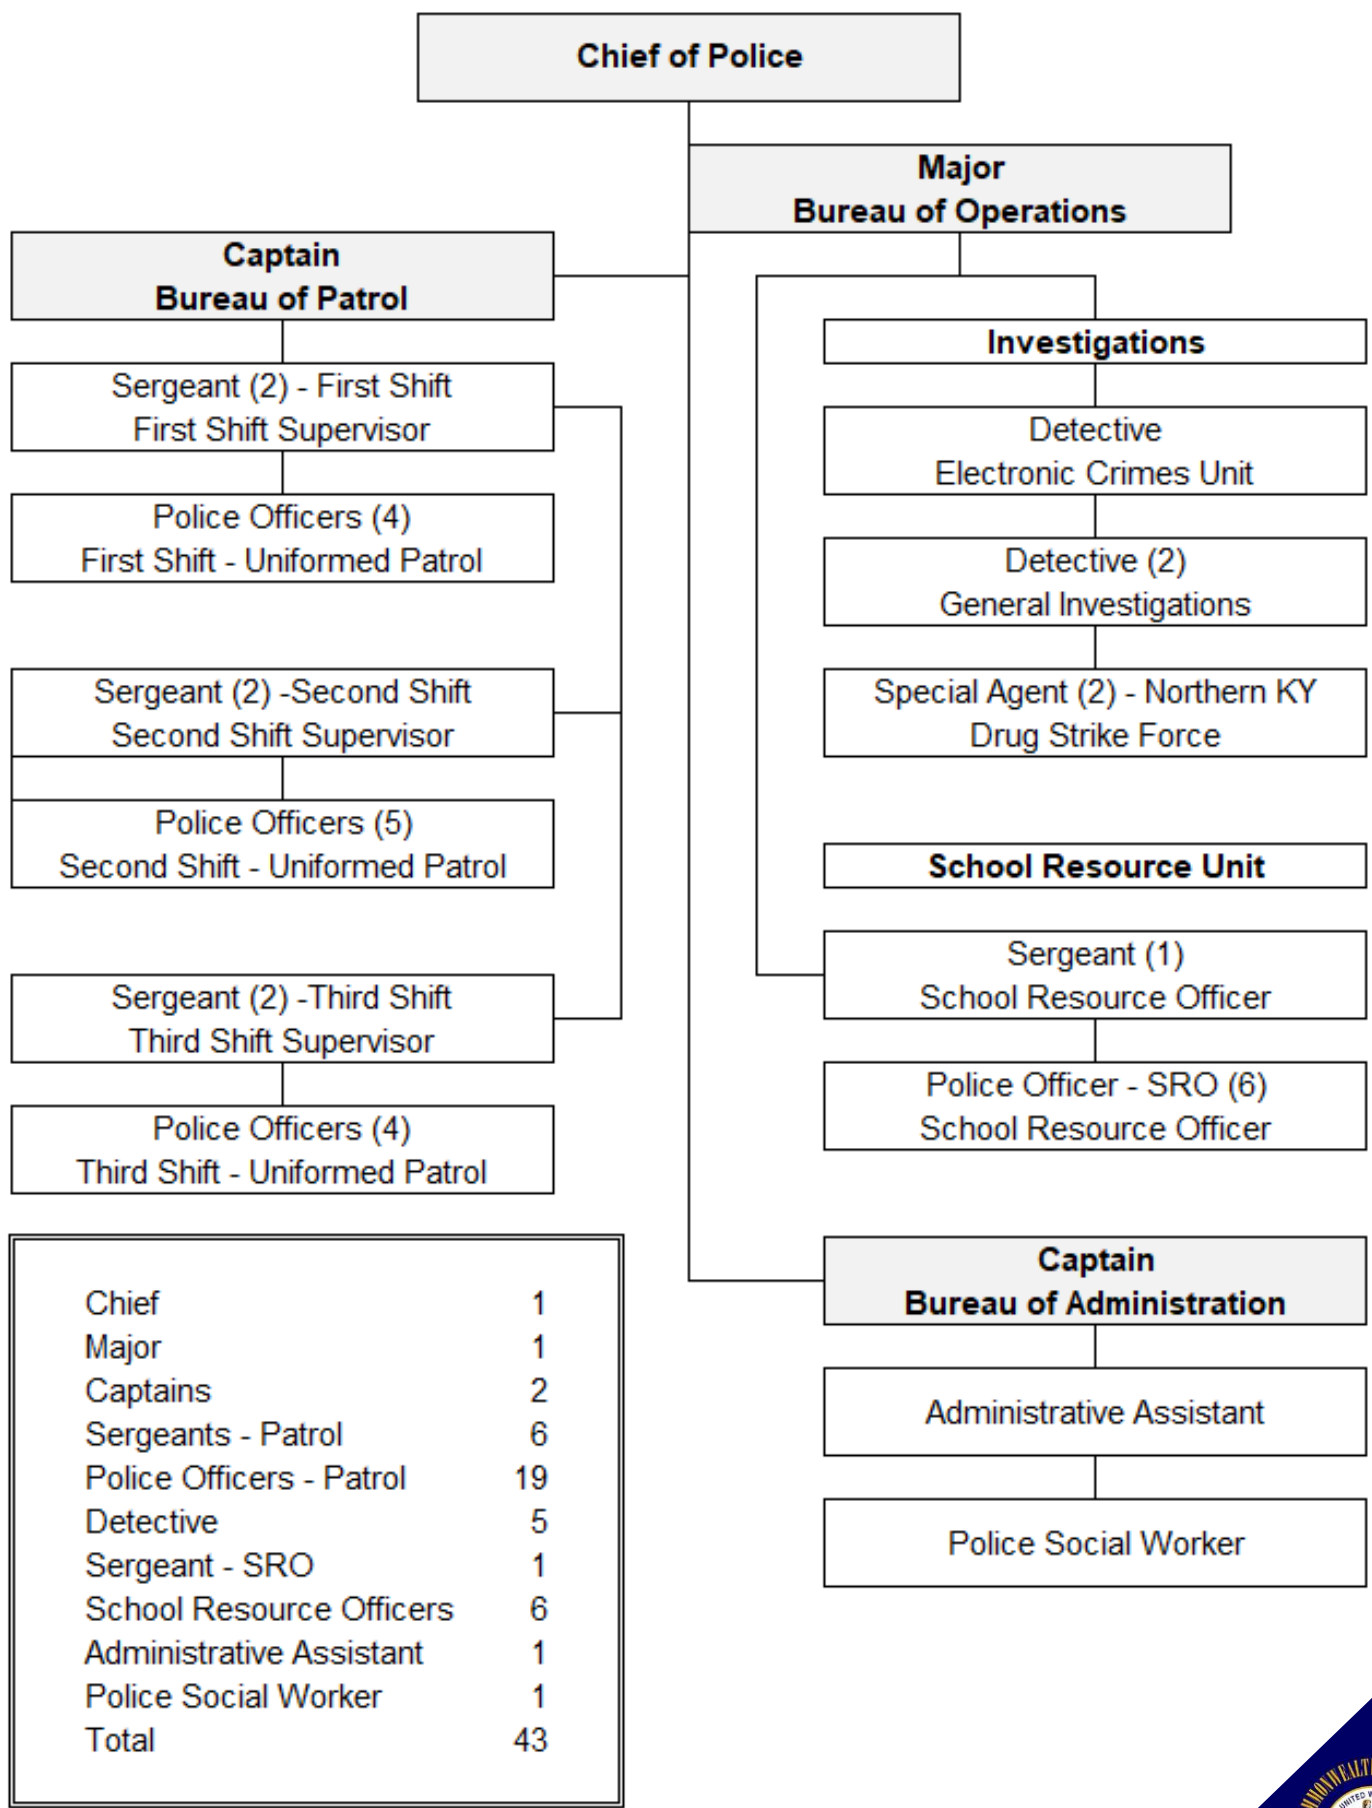

As employees of the Campbell County Police Department we recognize that Service and Integrity are the cornerstones from which our Department is built. We will continually strive to enhance our knowledge, skills and ability to enforce the law, protect life and property, detect and deter crime, preserve the peace, and enhance the quality of life for all of the Campbell County residents in a highly efficient and professional manner.

Core Values

LEADERSHIP	Developing leadership in our employees through the process of creating an organizational climate that fosters learning, opportunity, ownership, and accountability.
COMMUNITY	Fostering positive relationships through community involvement and partnerships while recognizing that we are a part of and represent a diverse community.

SERVICE	A commitment to providing professional police services to enhance the quality of life for Campbell County residents and our employees.
EFFICIENCY	Striving to enhance our ability to serve the public and our employees through a continuous process of evaluation of performance, maximizing the use of both human and technological resources, and encouraging diversity of thought and approaches to problem solving.

Thomas Ramler
Board Member
2018

The CCPD Merit Board is established under Kentucky Law and has the duty to classify and examine police applicants; as well as, to establish rules and regulations to guide the actions of our police officers in the performance of their duties. All of us here at the agency are very appreciative of the efforts of our board members and their contribution of time and talent toward the betterment of the agency and our ability to serve the county.

Volunteers In Police Service

VIP Jim Pfister

VIP Bruce Siry

VIP Tom Read

The Volunteers in Police Service is comprised of dedicated people from the community who volunteer their time and talents to assist the agency in a variety of ways, so as to diminish some of the time spent by our police officers on administrative tasks. Their delightful demeanor, willingness to do whatever is asked of them, and commitment to the agency and Campbell County is most commendable. Each year, these fine people donated countless hours to help to ensure that the CCPD continues to be an agency you can be proud of. We are eternally grateful for all that they do!

Retirements

Captain Gary Downs
Bureau of Operations

2008 - 2023

In 2023, the agency bid farewell to four dedicated individuals as they embarked on their well-deserved retirements. Among them were Captain Downs, the commander of the Bureau of Operations; Sergeant Ryan Markus, who served as a dayshift supervisor overseeing patrol; and Sergeant Mark Dill, who held the role of School Resource Officer – Supervisor, assigned to Campbell County High School; and last but not least Officer Amanda Donelan, School Resource Officer also assigned to the High School. It is noteworthy that each of these officers brought valuable experience from their prior service with other agencies before joining the CCPD.

While we extend our heartfelt best wishes to them in their retirement endeavors, it is important to acknowledge and express our regret for the loss of their exceptional service, professionalism, and wealth of experience. Their contributions have undoubtedly left a lasting impact on our agency, and we are grateful for the dedication they have shown throughout their careers.

Sergeant Ryan Markus
Patrol Supervisor

2007 - 2023

Sergeant Mark Dill
SRO Supervisor

2011 - 2023

Officer Amanda Donelan
SRO

2019 - 2023

2023 OFFICER OF THE YEAR

Major Newberry
Bureau of Operations

Throughout his extensive tenure at the Campbell County Police Department, Major Newberry has held command over all agency bureaus. Respected by patrol officers, sergeants, and command staff alike, he is esteemed for his patience, dedication, integrity, thoughtful decision-making, and communicative approach.

Displaying professionalism and accessibility, Major Newberry readily offers insights on patrol and investigative matters regardless of the hour. Furthermore, his contributions extend beyond his primary role, as he remains an integral member of the Northern Kentucky Regional Special Weapons and Tactics (SWAT) Team and the CCPD Honor Guard.

Major Newberry embodies the agency's core values of leadership, efficiency, service, and community, distinguishing himself as an exceptional officer whose contributions are invaluable to the CCPD. His outstanding service merits recognition as the Campbell County Police Officer of the Year.

Enforcement Commendations

Officer Kristen Fischer	Officer Kristen Fischer	Sergeant D. Dornheggen
For having made the highest number of arrests for Driving Under the Influence.	For having made the highest number of patrol related drug arrests.	For having written the highest number of citations for seatbelt offenses.

Fit for Duty

Each year, we extend an invitation to all members of the agency to participate in a physical fitness test, as a means by which to encourage an active and healthy life style. Participants are tested in five events and are required to obtain a passing score based on the exit standards set for police recruits graduating from the Department of Criminal Justice Training – Basic Police Academy. The events are comprised of: bench press; sit-ups; 300-meter sprint; pushups; and the 1.5 mile run.

We would like to take this opportunity to congratulate this years Fit For Duty award recipients.

Officer John Bright
 Officer Samuel Broomall
 Officer Andrew Champagne
 Sergeant Nicholas Heiert
 Officer Nicholas Kendall
 Officer Steve Kush
 Captain Christopher Lauer
 Sergeant Andrew Noyes
 Officer Stephen Tucker
 Officer Paul Wagner
 Officer Joshua Wilhoit

Core Values In Action

Leadership

In an effort to address the challenge posed by round-the-clock work schedules, and enhance information dissemination and reinforce a sense of unity among our personnel, the CCPD has introduced a monthly newsletter titled "The Buzz." The name is derived from the agency's historical police shoulder patch, featuring a beehive. The primary objective of "The Buzz" is to serve as a platform for employees to share stories, exchange information, and foster stronger connections across all shifts. By highlighting the achievements and contributions of our team members, we aim to create a valuable resource that strengthens the bonds among our personnel, fostering a sense of camaraderie for years to come.

Community

In 2023, the CCPD expanded its School Resource Program through a collaborative initiative with the Campbell County School District. Through this partnership we were able to increase the number of School Resource Officer (SRO) positions within the agency. Consequently, each of the Cline and Crossroads Elementary schools was assigned a dedicated SRO, further fortifying the department's commitment to enhancing community safety and fostering a secure educational environment.

Service

Several noteworthy initiatives were undertaken this year, including the expansion of our drone capability through the acquisition of a drone equipped with thermal imaging technology. The benefits of this drone became evident as it was pivotal to our ability to locate missing children within wooded areas during nighttime operations on two separate occasions. Furthermore, in response to an observed increase in traffic collisions along the primary arteries of our county, namely U.S. 27 and AA Highway, we implemented a targeted traffic enforcement initiative with the dedication of units during every shift over an extended duration. The success achieved through this proactive approach has prompted the CCPD to consider the continuation of a modified program in the foreseeable future.

Efficiency

The CCPD consistently monitors advancements in technology with the objective of improving our capabilities and overall performance. Among the technologies we have fully embraced is the integration of optic sights for our firearms. We began with an initial pilot program, designed to assess the suitability of this technology for our agency. The results indicated not only an enhancement in our officers' abilities, but also the potential to elevate officer safety. Regrettably, our existing patrol rifles, aged over two decades, were not designed to accommodate modern optics, necessitating their replacement. We are pleased to announce that, through a grant awarded by the Kentucky Office of Homeland Security, we successfully acquired new patrol rifles specifically designed for optic utilization.
