

CCPD

2017 Annual Report

A LETTER FROM THE CHIEF

I am happy to report that the Campbell County Police Department had a very good year in 2017. On the personnel front we lost two officers to other agencies. Officer Douglas Maliszewski accepted a position with the United States Secret Service and Officer Matthew Jones was appointed as the new Police Chief of Augusta, Kentucky. Obviously they will be missed but, we are proud they were selected for such positions. I am also pleased to announce that we hired two new employees in 2017. Amanda Lindle was hired as a recruit police officer and will graduate the Police Academy in March of 2018. We also welcomed Robert Houpp as a lateral police officer. Robert had been employed with the Boone County Sheriff's Office for many years but upon moving to Campbell County, looked for an agency closer to home.

I am often asked what exactly the County Police is responsible for and so I thought this report might be a good place to provide some basic information. The CCPD is the primary law enforcement agency for all of the unincorporated areas of the county, the cities of Crestview and Silver Grove, the Licking River, and the Kentucky side of the Ohio River. At an authorized strength of 33 sworn police officers and one civilian clerk, we are the second largest law enforcement agency in the county; providing police services to largest population of any jurisdiction and covering nearly 85% of the total land area of Campbell County. We also provide a School Resource Officer at the Campbell County High School and the NKY Cooperative. Beyond our primary responsibilities, we conduct juvenile sex crime investigations for most LE agencies in the county and provide other support to as needed.

We have several investigative entities including: General, Narcotics, Sex, and Electronic Crime Investigators. The agency maintains a sworn Police Chaplain, an Honor Guard Team, the Crisis Assistance Response Effort Team; and the Bike Patrol Unit. Beyond those areas for which we staff within the agency we are also participate in numerous multi-agency and/or multi-jurisdictional teams including: the Northern Kentucky Drug Strike Force, SWAT, Accident Reconstruction, Crime Scene Processing, and Arson Investigations. Beyond the aforementioned positions, agency personnel serve on a variety of boards and/or groups providing services to the residents of Campbell County.

As you can see, we get a lot out of our 34 employees, and these capabilities ensure we are able to serve our citizenry well. Of course all of our abilities and successes are tied to the quality and excellent work of our officers and clerk, who strive every day to make the Campbell County Police Department one of the best. I hope this brief overview provides you with a greater understanding of your County Police Department and as always, you are more than welcome to contact us with any questions or concerns you may have.

Sincerely,

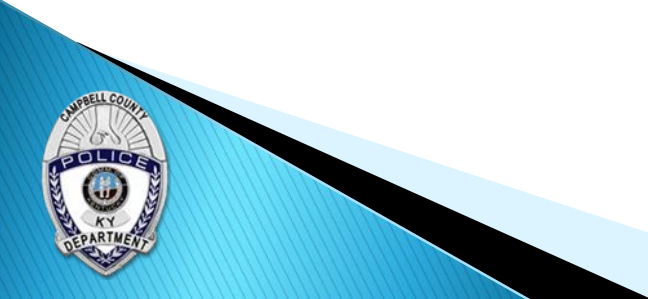

Mission Statement

As employees of the Campbell County Police Department, we recognize that Service and Integrity are the cornerstones from which our department is built. We will continually strive to enhance our knowledge, skills and ability to enforce the law, protect life and property, detect and deter crime, preserve the peace, and enhance the quality of life for all Campbell County residents in a highly efficient and professional manner.

| | |
|--------------------|--|
| LEADERSHIP: | Developing leadership in our employees through the process of creating an organizational climate that fosters learning, opportunity, ownership and accountability. |
| COMMUNITY: | Fostering positive relationships through community involvement and partnerships while recognizing that we are a part of and represent a diverse community. |

Core Values

| | |
|--------------------|--|
| SERVICE: | A commitment to providing professional police services to enhance the quality of life for Campbell County residents and our employees. |
| EFFICIENCY: | Striving to enhance our ability to serve the public and our employees through a continuous process of evaluation of performance, maximizing the use of both human and technological resources, and encouraging diversity of thought and approaches to problem solving. |

Core Values In Action

LEADERSHIP

With the fervent hope that our community never faces such a circumstance, but recognizing the importance of preparedness, the agency has completed a comprehensive examination of our response plans in the event of a significant incident at any of our public and/or private schools within the primary areas of responsibility for the CCPD. Recognizing that any large scale event at a school would test the capabilities of even a large agency, we have endeavored to develop a response plan that is designed to quickly address any safety and security needs for our schools, students, and staff. As part of this initiative, we have coordinated with other vital community partners and first responders to have in place a process by which we can call upon these entities for additional resources, as may be needed, to address any circumstances encountered.

COMMUNITY

In 2017, the Campbell County Police was approached by leaders in the COPS organization, to assist them in their first ever ride-in to be conducted in the Northern Kentucky area on Memorial Day weekend. COPS members are made up of survivors (spouses, children, parents, siblings and others) who are closely connected to a police officer who has been killed in the line of duty. Ultimately, the CCPD, along with the Fraternal Order of Police, the Blue Knights, and Peterbilt joined together to help facilitate the event, which was a great success. Later that year, at a Christmas event for survivors held in Lexington, the President of the Kentucky Chapter, Brandy Durman, whose husband Bryan Durman, a Lexington Police Officer killed in the line of duty in 2010; presented awards to all the partners involved in the NKY event. At that awards presentation, we learned the ride-in event had been the most successful they had ever held. The organization is planning to hold another event in 2018 and it is expected to be even bigger than 2017!

Core Values In Action

SERVICE

Recognizing a lack of digital forensic capabilities in Northern Kentucky, and the fact that in today's environment, the ability to forensically examine computers and other devices is a must; in late 2016, we created the Electronic Crimes Unit (ECU). In 2017, our ECU conducted 186 forensic exams of cell phones, tablets, laptops, desktop PC's, and other various electronic devices to assist in criminal investigations. Of that, 101 of the examinations were specific to Campbell County Police cases, and 85 exams were in service to various local, state, and Federal Agencies in NKY.

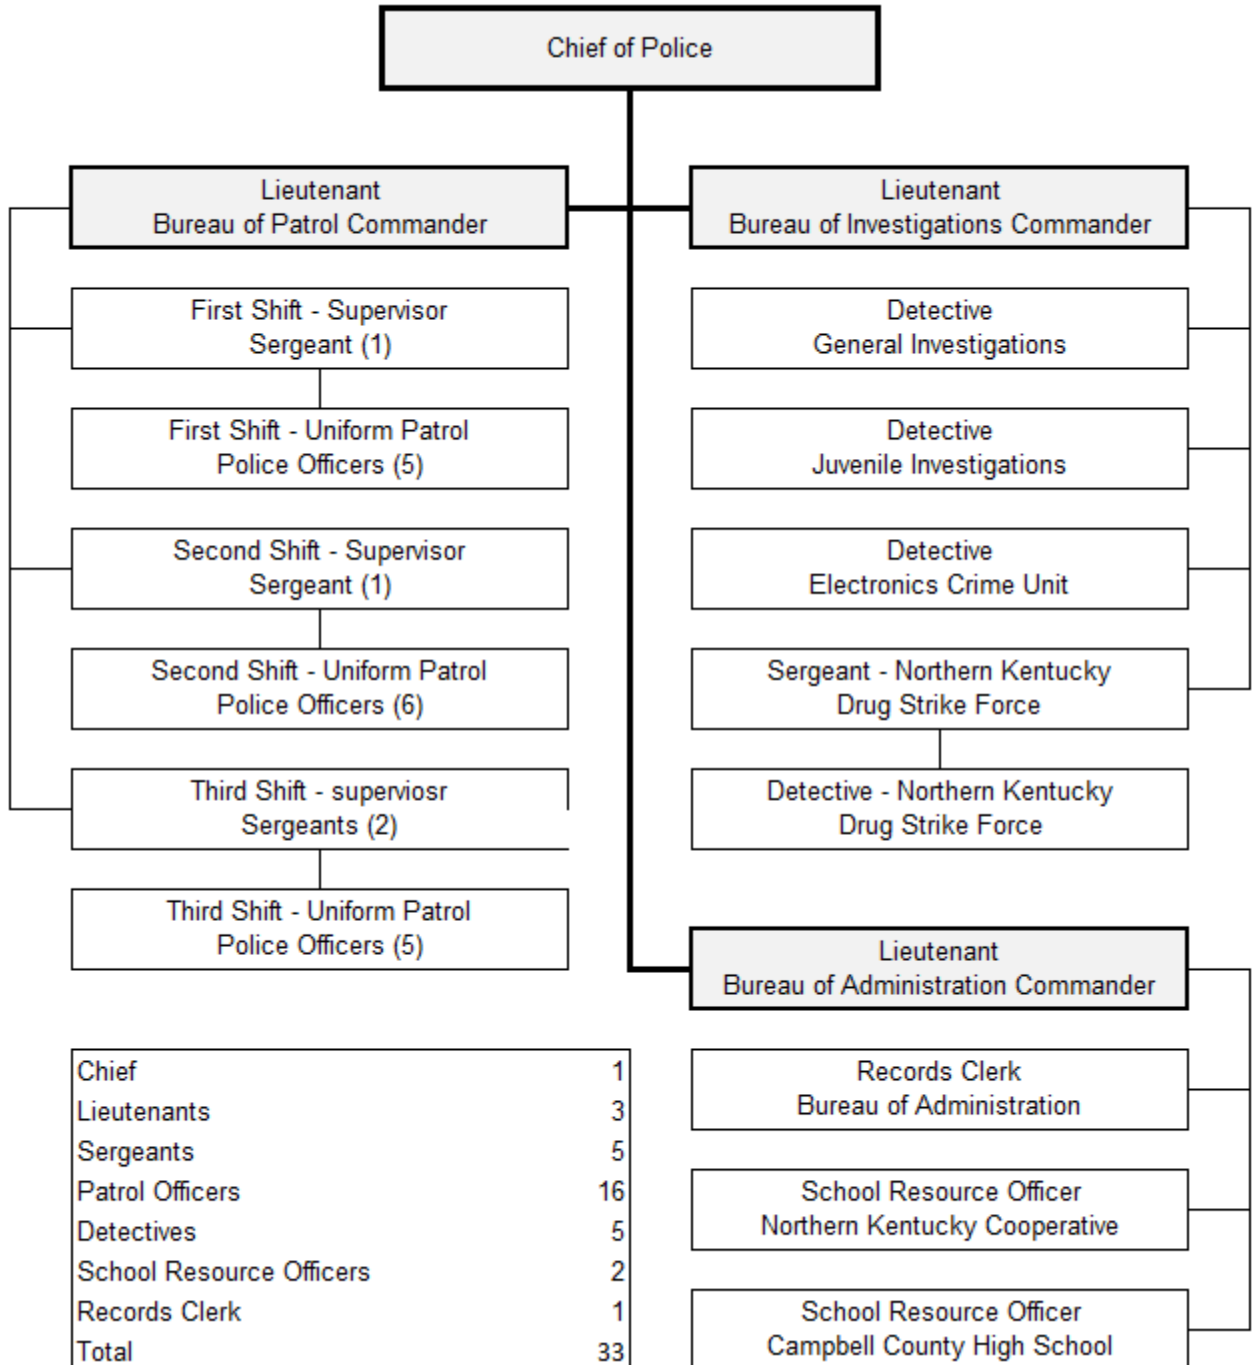

Additionally, through a partnership with the United States Secret Service Task Force and Kentucky Internet Crimes Against Children, in 2017, we began conducting undercover online investigations of persons involved with child pornography. Through this initiative, and as a result of these child porn investigations, we have identified and prosecuted child pornography offenders in Boone, Campbell, and Kenton Counties.

EFFICIENCY

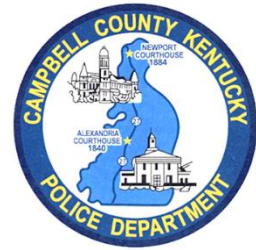

In 2017, the agency was able to complete the process of transitioning nearly every facet of the agencies retention needs to a digital medium. As part of this process, the CCPD has completed transitioning all agency forms, records (personnel, administrative, and criminal), criminal complaints, case files, and more to a digital format allowing for greater efficiency and quicker access to records. Most importantly the transition eliminated the need for the PD to store box upon box of old records for up to 80 years! The processes put in place, expands upon the efficiencies realized previously; whereby, we had implemented digital storage procedures for large amounts of criminal evidence and body worn and vehicle video. Although we have not entirely eliminated the need to utilize paper in the early stages of crime reporting, we are hoping to make even further strides in 2018 enabling us to even more drastically reduce the monies spent on paper and printing.

Significant Initiatives - 2018

Victims Advocate

It is the primary function of any law enforcement agency to maintain law and order, prevent, detect, and investigate crime. While always being cognizant of our most basic responsibilities, we are always looking for ways to improve upon our abilities to serve the county. In 2018, we will be undertaking an initiative, we believe, will enhance the level of service we provide through the training and certification of our Records Clerk as a Victims Advocate. Similar to the way a hospital uses triage to preliminarily access and route patients, our Records Clerk, as the employee who first receives calls to our office, or speaks with walk-ins, must make preliminary assessments as to the individual needs and make determinations as to how we might best serve them.

Given the duties of the position, our clerk often deals with victims of crime for which it is important to have a sound basis of training and understanding as to how best to help. Recognizing the importance of these first contacts with law enforcement as being vital to the wellbeing of victims, and striving to instill a sense that the CCPD is committed to their needs, we are making the investment to obtain victims advocate certification so that from first contact to last, the CCPD demonstrates its commitment to serving victims.

Digital Radio Program

In 2018, the Campbell County Police Department, both as an agency member of the Campbell County Dispatch Board and as an individual participating police department, will take part in the largest overhaul of the emergency communications network ever to be undertaken in Northern Kentucky.

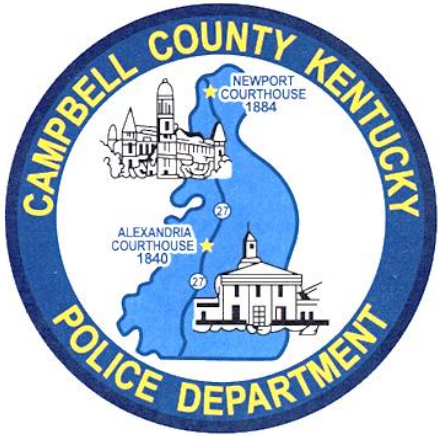

Our current communication system, operating on technologies that have existed since the 1950's, presents significant challenges for direct communications between first responders, even within a single county. However, with the transition to an entirely digital radio communication system, we will fundamentally change and enhance our ability to communicate and respond in times of crisis. Through joint cooperation and cost sharing amongst the county governments, individual cities, and dispatch centers in the three Northern Kentucky Counties, we are significantly improving a vital piece of our overall emergency response capability. Through this initiative, for the first time, all Northern Kentucky police, fire, and other emergency responders and vital governmental entities will have the ability to communicate directly with each other to address the needs of our citizens.

Campbell County Police Force Merit Board

Back Row: Van Needham, Rees Hardy – Chairman, Alex Futscher
Front Row: Bill Voelker – Vice Chairman, Keith Daniels - Secretary

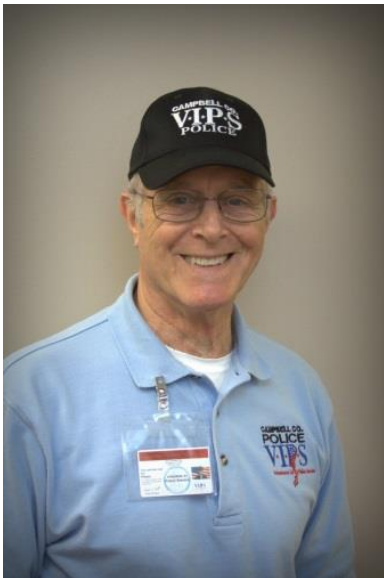

The CCPD Merit Board is established under Kentucky Law and has the duty to classify and examine police applicants as well as to establish rules and regulations to guide the actions of our police officers in the performance of their duties. We are most appreciative of our board members for their contribution of time and talent toward the betterment of the agency and our ability to serve the county.

Volunteers In Police Service

The Volunteers in Police Service is comprised of dedicated people from the community who volunteer their time to assist the agency in a variety of ways to diminish some of the time spent by our sworn officers on administrative tasks. Their delightful demeanor, willingness to do whatever is asked of them, and commitment to the agency and Campbell County is most commendable.

In 2018 these fine people donated a combined 425 hours in service to the department; for which we are very grateful.

VIP Jim Pfister

VIP Vera Powell

VIP Bruce Siry

Retirements

Officer Greg Popham

In August of 2017 Office Popham, our School Resource Officer (SRO), at the Northern Kentucky Education Cooperative, retired from police work for the last time. At the time of his retirement, Officer Popham stated his time as an SRO had been the most rewarding and challenging position he had ever had during his many years as a police officer. During what would become a 43 year law enforcement career, Greg would serve as a police officer for the City of Southgate Police Department, the City of Fort Thomas Police Department, and as the Police Chief of the Dixie Police Authority in Crescent Springs. Greg was well liked and respected by the staff of the Campbell County Police Department and the Northern Kentucky Cooperative and he will be missed by all. We wish all the best in his retirement!

2017 CAMPBELL COUNTY POLICE

OFFICER OF THE YEAR

The Campbell County Police Department is very proud to announce that Detective Donald Dornheggen has been selected as the 2017 Campbell County Police Officer Year. Det. Dornheggen has been a highly effective General Crimes and Child Sex Abuse Investigator, and the lead Detective in several of the agencies most significant and high profile investigations.

Detective Dornheggen also was the driving force behind the establishment management of the CCPD Police Explorer Program. Additionally, Detective Dornheggen and his wife are very active in coordinating and hosting numerous events focusing on the betterment and quality of life for the community, as well as, our employees and their families.

Fit for Duty

Each year we extend an invitation to all members of the agency to participate in a physical fitness test as a means by which to encourage an active and healthy life style. Participants are tested in five events and are required to obtain a passing score based on the exit standards set for police recruits graduating from the Department of Criminal Justice Training – Basic Police Academy. The events are comprised of: Bench Press; Sit-ups; 300 Meter Run; Pushups; and the 1.5 Mile Run.

We would like to take this opportunity to congratulate our 2017 Fit For Duty award recipients.
