

JOBS DEVELOPMENT PROGRAM

A PAYROLL TAX INCENTIVE FOR JOB CREATION

WHY CAMPBELL?

Unparalleled Opportunity

The Campbell County Jobs Development Program (JDP) was created in 2011 (most recently revised in December 2013) to spur the creation, or siting, of good-paying jobs in our county.

With more than 90,000 residents, Campbell County is home to Northern Kentucky University, a vibrant urban core directly opposite downtown Cincinnati, and rich, productive farmlands and vineyards.

Our JDP bolsters state jobs incentives, as well as companion programs in the Cities of Bellevue, Dayton, Newport, and Wilder.

WHO CAN APPLY?

Eligible Companies

When the Campbell County JDP was created by our Fiscal Court, it defined eligible companies as corporations, LLCs, partnerships, sole proprietorships, etc., which are primarily engaged in one of the following business activities.

- Manufacturing
- Agribusiness
- Professional, scientific, or technical service operations (includes business activities requiring a high degree of expertise and training)

Notably, activities such as coal mining, construction, retail, and food service are not qualified businesses under the county's JDP.

WHAT'S THE BENEFIT?

The Bottom Line

If a company engages in an eligible activity, it must site/create a **minimum new fiscal year payroll of \$250,000 subject to the county's 1.05% employee withholding fee** (note annual wage cap: \$38,667/employee).

If qualified and approved, the Campbell County JDP offers up to a **40% reduction** in employee withholding fees for the company for up to 10 years after activation.

- The 40% inducement may continue up to a maximum of 20 years if the company generates at least \$15M in payroll or at least \$10M in payroll with a minimum of \$10M in capital investment during each of the extra 10 years.
- This provision applies at the county's discretion.

HOW DOES IT WORK?

Application, Approval, and Process

If a company anticipates it is eligible (qualified business activity and anticipated exceeding of the payroll tax thresholds), the following sequence should unfold.

- The company shall submit a signed *application* to the Fiscal Court.
- If approved by the Fiscal Court, the county Judge/Executive will negotiate an *agreement* with the company's leadership setting out the terms by which the incentive will be applied.
- The eligible and approved company will indicate *activation* of the incentive no later than 12 months from the date of the execution of the agreement.

The county will ensure the company remains eligible each year of the agreement, or the inducement will be lowered or suspended.
