IMPORTANT CONTACT NUMBERS

COUNTY SOLID WASTE MANAGEMENT

Boone, Campbell, and Kenton Counties each have a Solid Waste Coordinator who oversees their county's solid waste programming, such as recycling, litter abatement, household hazardous waste, and composting. The Solid Waste Coordinators enforce their county's solid waste ordinances and handle issues regarding landfill, disposal, and illegal dumping, while also providing community education and resources.

Boone, Campbell, and Kenton Counties together comprise the **Northern Kentucky Solid Waste Management Area (NKSWMMA)**. Please call your local Solid Waste Coordinator for information on programs, special events, policies, etc.

WASTE HAULERS & LANDFILLS

HOW TO SIGN-UP FOR RESIDENTIAL TRASH SERVICE

FIRST, if you live in a subdivision or planned neighborhood, find out if there is a Homeowners Association for your community. Often, the HOA contracts trash service for the neighborhood.

SECOND, if you do not have a Homeowners Association, contact your city. Cities usually manage garbage service for incorporated areas.

THIRD, if you live in an unincorporated region and not in a city, you are free to contract waste removal with any hauler that you prefer.

HOW TO REPORT A GARBAGE DUMP

If you see a garbage pile on someone's property, or a dump along county roads, please contact your county Solid Waste Coordinator. If you actually see someone in the act of dumping, CALL 911. Dumping is a Class D felony, so please speak up!

HELP KEEP YOUR COUNTY CLEAN!

RECYCLING

You can collect **household recyclables** and bring them to any of the drop-box bins below. Please be sure to place only acceptable recyclables in the bins, as dumping unauthorized material in or around a bin causes contamination and is illegal. No plastic bags, please!

Call your nearest location for information
on paper shredding services.

PACKAGING MATERIALS

Packing peanuts and other expanded polystyrene (EPS) are among the most common sources of marine debris, where they can be mistaken as food by birds and fish. Packing peanuts do not biodegrade, meaning it will take hundreds of years for them to decompose in a landfill. Contact local shipping stores to see if they accept packaging (e.g. boxes, packing peanuts, foam, etc.) for reuse.

HOUSEHOLD HAZARDOUS WASTE

Household hazardous waste (HHW) is the group of chemicals and other substances that are commonly found in many homes but require special attention when being discarded. Please keep in mind that the best way to get rid of these materials is to use them for their intended purposes.

Antifreeze

Antifreeze can be taken to **Kenton County Public Works in Independence (859-392-1920)** which is open to any Northern Kentucky resident (5 gallon limit).

Batteries 1-877-2-Recycle

Auto batteries are accepted by most stores that sell them. Boone, Campbell, and Kenton Counties also accept them during scheduled cleanup events. **Rechargeable batteries** can be dropped-off at the following sites:

1. Boone County Public Works
2. Kenton County Public Works
3. City of Florence Public Services
4. Independence City Building
5. Walton City Building
6. Union City Building

*Alkaline batteries can be safely disposed of with normal household waste.

Compact Fluorescent Light Bulbs

Lowe's and **Home Depot** accept Compact fluorescent light bulbs (CFLs) from residents only (no businesses).

Fire Extinguishers

Fire extinguishers **cannot** be placed in your household recycling bin; however, you can take them to larger household waste recycling centers for disposal.

Gasoline

Boone County Public Works
Call for details (859) 334-3629

Household Cleaners

If it mixes with water, it is water-soluble. Most liquid, gel, and powder cleaning products can be disposed of down the drain with running

water, just like when you use them. Most solid products (soap scouring pads, sticks, towelettes, etc.) can be placed in the trash. Never mix household cleaners when disposing. Special caution should be taken with septic systems or package treatment plants.

Paint

Latex, or water-based paint is **not** a hazardous waste and should be disposed of with the rest of your household trash.

1. Remove the lids from cans that are no more than half-full and set out in a well-ventilated area.
2. Stir in an absorbent material such as kitty litter, sawdust, concrete mix, or even shredded newspaper.
3. Place cans with solidified paint at the curb with regular trash. Leave the lids off so waste haulers can see contents are solid.

Pesticides

The KY Department of Agriculture, Office of Consumer and Environmental Protection, runs a FREE pesticide collection and disposal **1-800-205-6543**

Propane Tanks

Tanks can be turned into cylinder exchange companies like **Blue Rhino** at local stores. Boone, Campbell, and Kenton Counties will accept tanks up to 20 lbs. during scheduled cleanup events.

Solvents

Solvents, such as paint thinner, do not go bad. Allow the particulates to settle out, drain off the clear liquid. Mix the remainder with kitty litter and dispose in trash.

HOUSEHOLD HAZARDOUS WASTE

Needle disposal

Place used needles in a sharps container or a plastic laundry detergent bottle, duct tape the container lid shut, and place container in your trash bin for regular trash pickup.

Prescription Drugs

Keep your medicines secure so that a child, a teenager, or even a stranger, does not get into them. You may help prevent an accidental injury, and help stop possible unhealthy use of prescription drugs.

Take an inventory of your medicines. Check for any that have expired or that you no longer use. Flush medications down the toilet **only** if the label or patient information specifically instructs doing so.

Dispose of medication properly. Take advantage of medication disposal programs. Two types are available in Northern Kentucky:

- Drug disposal pouches: You can get a specialized pouch that de-activates medication, and then use the pouch to dispose of un-needed or expired medications at home. Pouches are available at the Northern Kentucky Health Department's county health centers (Covington, Florence, and Newport).
- Medication drop-boxes: You take un-needed or expired medications to a police station or other public building and place them in a specialized container. Below is a list of locations in NKY:
 - Boone County Sheriff's Office
 - Campbell County Police Department
 - Covington Police Department
 - Dayton Police Department
 - Edgewood Police Department
 - Erlanger Police Department
 - Florence Police Department
 - Fort Thomas Police Department
 - Fort Wright Police Department
 - Highland Heights Police Department
 - Kenton County Police Department
 - Newport Police Department
 - Park Hills Police Department
 - Southgate City Building
 - Villa Hills Police Department
 - Wilder Police Department

NORTHERN KENTUCKY HHW COLLECTION EVENT

The **Northern Kentucky Household Hazardous Waste Action Coalition** is dedicated to spreading awareness of the proper disposal/recycling of household hazardous waste. They are available to provide presentations, as well as printed resources and information.

The **NKY Household Hazardous Waste Collection Event** is the 1st Saturday in November at the UC Health Stadium in Florence (FREE for Boone, Campbell, and Kenton Residents). There is a limit two (2) televisions per vehicle and (10) paint cans per vehicle.

Website: www.nkyhhw.org

ENVIRONMENTAL DISPOSAL

USED MOTOR OIL & OIL FILTERS

Used motor oil from home oil changes must be taken to a facility that can dispose of it properly. Most instant oil change businesses accept used oil as well, but be sure to call ahead before as there may be restrictions.

Boone (334-3629) and **Kenton** Counties (392-1920) Public Works Departments accept up to five gallons of used motor oil from private residents. Boone County also accepts used **oil filters**.

TIRES

Bavarian (859) 485-4416, **CSI** (513) 771-4200, and **Rumpke** (513) 472-7339, will all accept waste tires for a fee. Most tire dealers will take old tires, but call for info about quantity, size & fee charged for disposal. **Boone, Campbell, and Kenton Counties** accept waste tires at scheduled cleanup events, but restrictions apply. Contact your local Solid Waste Coordinator for details.

LITTER ABATEMENT & SPECIAL EVENTS

Litter is an unhealthy, harmful, and intolerable blight. It not only affects our quality of life, but also creates a negative impression of our community. It pollutes our land and water, and is detrimental to wildlife. Litter is also expensive to remove—Kentucky spends millions of dollars each year cleaning up roadways. Littering is also **ILLEGAL!**

Northern Kentucky hosts litter clean ups and abatement programs to combat litter year-round. If you would like to learn more about how to get involved and stop litter in your community, call your local Solid Waste Coordinator or the NKSWMMA Coordinator. We would love to plan a community litter cleanup for your neighborhood or business. Join us for our Spring & Fall cleanups, Commonwealth Cleanup Week, River Sweep and the Great American Cleanup.

EDUCATION

Your Solid Waste Coordinators have a wealth of information to share with you. They are available to give presentations to schools, civic groups, churches, camps, and anyone else! We can discuss any subject related to solid waste management, such as recycling, waste reduction, household hazardous waste, and litter. Please contact your County Solid Waste Coordinator if you are interested in these programs, wish to schedule a presentation, or need more information.

Northern Kentucky is OUR home - Help Us Keep it Clean!
