1. That the original zoning classification given to the property was inappropriate or improper; and

3. The current (A-1) zoning classification is not appropriate for self-storage (Mini Warehousing).

Staff Recommendations:

To approve a Zone Map Amendment from A-1 to RC, and to refer these recommendations to the Campbell County Fiscal Court for further action with the following condition:

Bases for Recommendation:

1. Notice has been given regarding the Zone Map Amendment consistent with Article 17 of the Campbell County Zoning Ordinance.
2. As defined in Article 17, the Planning Commission has the authority to review such Zone map Amendments and provide recommendations to the legislative body.
3. The proposed Zone Map Amendment has been reviewed for consistency with the recommendations of the 2008 Campbell County Comprehensive Plan Update, the Campbell County Subdivision Regulations and Campbell County Zoning Ordinance.

II. Considerations of Stage I Plan

The applicant has provided a site plan of the area at a scale one (1) inch to thirty (30) feet. The plan have been reviewed for compliance with Section 9.19 SITE PLAN REQUIREMENTS. The site plan identifies and locates, where applicable, the following:

- No residential housing units are proposed;
- Three buildings are shown on the plan.
 - Two 100' X 290' storage buildings.
 - One 40' X 110' two-story office with a future expansion of 40' X 75'.
- No lot divisions are proposed at this time.

- No signs are proposed at this time;
- Sanitary sewer system, including pipe sizes, width of easements, gradients, type of pipes, invert elevations, location and type of manholes, the location, type, size of all lift or pumping stations, capacity, and process of any necessary treatment facilities, and other appurtenances;
- Storm sewer and natural drainage system, including pipe culvert sizes, gradients, location of open drainage courses, width of easements, location and size of inlets and catch basins, location and size of retention and/or sedimentation basins, and data indicating the quantity of stormwater entering the subject property naturally from areas outside the property, the quantity of flow at each pickup point (inlet), the

quantity of storm water generated by development of the subject area, and the quantity of storm water to be discharged at various points to areas outside the subject property;

- Location of all off-street parking and driveway areas, including typical cross sections, the type of surfacing, dimensions, and the number and arrangement of off-street parking. Forty-Four (44) parking spaces are proposed on this plan.
 - Article XI, Section 11.1 Specific Off-Street Parking Requirements requires the following:
 - Offices for professional business and financial real estate and business purposes other than medical offices and/or clinics:
 - One (1) parking space for each two hundred (200) square feet of gross floor area.
 - Wholesale establishments, warehouses, and storage buildings

 - The future 3,300 square-foot expansion would add an additional sixteen (16) spaces to that requirement; however, the site plan implies that additional parking would be provided for the expansion.
 - Self-storage facilities typically do not require more than one or two employees at a time.

CASE: 085-21-TXA-14

APPLICANT: Campbell County Fiscal Court

REQUEST: Proposed alterations to text regarding outdoor dining

On behalf of the Campbell County Planning & Zoning Commission, staff is submitting this request for a Public Hearing to modify Article X of the Campbell County Official Zoning Ordinance. We respectfully submit this report and recommendation for review prior to the public hearing scheduled before the Campbell County & Municipal Planning and Zoning Commission on Tuesday, July 13, 2020 at 6:00 PM at the Campbell County Fiscal Court, 1098 Monmouth Street in Newport, KY.

BACKGROUND:

Campbell County currently permits Eating and Drinking Establishments within its Commercial Zones (NC, HC, NSC, & RC). Outdoor Seating is commonly considered a *customary accessory* use to an eating and drinking establishment. However, the zoning text effectively prohibits

outdoor dining in all but the HC (Highway Commercial) zone. The prohibition of outdoor seating comes from the development controls in each respective section:

"All business activities permitted within this zone shall be conducted within a completely enclosed building with the exception of off-street parking, loading, or unloading areas."

~ CC Z.O. Art. X, §10.17, §10.20, & §10.22

In the Neighborhood Commercial (NC), Neighborhood Shopping Center (NSC) and Rural Commercial, the use of eating and drinking (or "Restaurants and Taverns" in the case of the RC zone), must be within a completely enclosed building.

***"BUILDING, COMPLETELY ENCLOSED:** A building separated on all sides from the adjacent open space, or from other buildings or other structures, by a permanent roof and by exterior walls or party walls, pierced only by windows and normal entrance or exit doors."*

~ CC Z.O. Art. VII, §7.0 Words and Phrases

Outdoor seating and/or dining is currently not specifically listed as a permitted or conditional use in any zone in Unincorporated Campbell County. The nearest that the County Zoning Ordinance gets to outdoor dining specifically is in the HC zone where *"Eating and drinking places including drive-ins"* is a permitted use; however, the HC zone does not have the same development control requiring all business activities to be within a completely enclosed building.

As of this writing, there are no NSC zones on the Unincorporated Campbell County Official Zoning Map. Staff does not recommend any changes to the Neighborhood Shopping Center (NSC) zone text at this time.

PROPOSED TEXT AMENDMENTS:

Based upon the findings that the Planning Commission finds it desirable to increase and add flexibility for Outdoor Dining, proposed modifications to the permitted, accessory and/or conditional use(s) as summarized below:

1. Update definitions in Article VII, Section 7.0 WORDS AND PHRASES
2. Permit Outdoor Dining (Outdoor Eating and/or Drinking Area) with a capacity of no more than ten (10) seats be added as an accessory use to Restaurants and Eating Establishments within the Rural Commercial (RC) Zone.
3. Allow Outdoor Dining (Outdoor Eating and/or Drinking Areas) to be added as a Conditional Use to the NC and RC zones with the following minimum requirements:
 - a. Such area shall be designed to clearly identify the limits of the outdoor dining area.

- b. Such area shall not exceed seventy (70) percent of the maximum seating capacity of the premises and the total number of outdoor seats shall not exceed seventy-five (75) in the RC zone and twenty-five (25) in the NC zone.
 - c. Non-amplified entertainment shall be limited to the hours between 9:00 AM and 10:00 PM within the outdoor dining areas.
 - d. Amplified entertainment shall be permitted only on Friday and Saturday between the hours of noon and 10:00 PM.
 - e. Accessory structures associated with the use shall not be permitted to locate within any minimum required front, side, or rear yards, except where a variance has been approved.
4. Edit development controls in each respective section to include outdoor seating and/or dining.

As the prohibition of outdoor seating comes from the development controls, staff notes that simply editing the development controls would lift the outdoor dining prohibition. This would eliminate the need to identify outdoor dining as a specific accessory use or conditional use. It would then be considered a customary accessory use; however, it limits the County's ability to review, approve, add conditions or deny the use in specific cases.

STAFF RECOMMENDATION:

To approve the proposed text amendment(s) to the Campbell County Official Zoning Ordinance and forward the recommendation to the Campbell County Fiscal Court for adoption.

SUPPORTING INFORMATION/BASES FOR STAFF RECOMMENDATION:

- 3. Per Kentucky Revised Statutes (KRS) 100.203, the Campbell County Fiscal Court has the authority to enact zoning regulations within its jurisdiction. This authority includes the provision to amend its zoning classifications, uses, etc.
- 4. Pursuant to the Campbell County Zoning Ordinance Article XVII AMENDMENT PROCEDURE, the Planning and Zoning Commission has the authority to amend the zoning ordinance.
- 5. Proper notice has been given in accordance with Article XVII Amendment Procedure of the Campbell County Zoning Ordinance.
- 6. The proposed changes are consistent with the 2008 Campbell County Comprehensive Plan Update and the Campbell County Subdivision Regulations.

Following Mr. Hunter's presentation, the commission discussed the possible changes and the best implementation. The debated capacity limitations based on zone, and or proximity to residences or residential zones.

The commission also asked staff to explain comparable language in other communities, which Ms. Minter did. The commission also discussed other uses within these zones as they compare to restaurants.

Commission and staff then worked through the proposed text changes together line by line. When they had completed, the text for proposal read as follows:
